

# CALL-IS Electronic Village Events (2019)

## Technology Fairs (Acceptance Notice)

Congratulations! Your proposal has been accepted for the Computer-Aided Language Learning Interest Section (CALL-IS) Electronic Village Technology Fairs at TESOL in Atlanta, Georgia, USA, March 12 - 15, 2019. Due to the number of proposals, this year's process was competitive, but we accepted as many proposals as we could. Confirmation that you can deliver your presentation is required. Please read all the way through this message as it includes many important details.

---

### Presentation Information

**Title:** Teaching Vocational English to Young Adults with the Help of [www.nedlines.org](http://www.nedlines.org) Educational Platform

**Main Contact Email:** [sefl@mail.ru](mailto:sefl@mail.ru)

**Presenters:** Olga Minina ([sefl@mail.ru](mailto:sefl@mail.ru))  
Svetlana Sannikova ([svetlana\\_chspu@mail.ru](mailto:svetlana_chspu@mail.ru))

**Abstract:** An international program for young adults, “Advance through Vocational English” has developed and launched a special online platform NEDlines in 2018. It was created by teachers of English to provide access to English classes for students with disabilities and students from remote areas as an online interactive tool to support offline classes. Within this session the speakers will explain their blended class strategy, demonstrate their class video and analyze the skills, students acquired while doing blended learning activities. We will share project based and training techniques used, show students’ projects and invite attendees to use free resources of the platform.

**Summary:** The aim of this presentation is to demonstrate how to use the platform to arrange blended classes for adult learners with different level of English. We will share our curriculum based on individual approach to each student, demonstrate online interactive tools and techniques used and give some didactic insights.

**Date:** March 14, 2019

**Time:** 11:30 AM to 12:20 PM

**Station:** PC 1

---

Please check the date and time of your presentation, then contact [ev-fair@call-is.org](mailto:ev-fair@call-is.org) if there are any

---

problems. It is very important that you check all the details of your presentation.

Have in mind that titles may be edited to fewer than 50 characters. If you want to redefine the title of your presentation or correct any detail, also send the changes to [ev-fair@call-is.org](mailto:ev-fair@call-is.org).

Please communicate to us any updates to the equipment needs listed in your initial proposal and verify any co-presenters' names and email addresses. Since you are the contact or primary person listed, it is your responsibility to inform co-presenters of the status of this presentation.

Please show up 10 minutes in advance of your presentation to set up. Remember that you will give your presentation twice during your assigned Technology Fair; you will have 20 - 25 minutes to complete it each time. Prompt completion of your presentation will be appreciated by both the next presenter and the EV staff.

If you are scheduled at "PC" or a "Mac" station, you have one computer with two monitors for your use during your presentation. You may connect your own device to the second monitor if you wish.

If you are scheduled at a "BYOD" station, you will need to bring your own computer or device and will set up at the circular tables.

Please remember there will be presenters on either side of your station, so we would ask that you control your volume as a courtesy to the other presenters.

We recommend that you bring at least 30 handouts for your audience with information from your presentation or have a link that participants can copy to find further information online.

## CONFIRMING YOUR PARTICIPATION

You **must** confirm your participation by clicking on the link below **before December 10, 2018**. **If you do not confirm your participation by December 10, 2018, your presentation will be removed from the program.**

Confirm your participation: <https://call-is.org/ev/confirm.php?id=134>

## PAPER CERTIFICATES

In an effort to be more sustainable and reduce cost, the Electronic Village will **only** be issuing digital certificates this year. If you **must** have a paper certificate, please click on the link below to request a paper certificate. We must receive your request by December 10, 2018.

Request a paper certificate: <https://call-is.org/ev/certificate.php?id=134>

## ELECTRONIC VILLAGE PASS

TESOL has instituted a \$10 EV Pass. All presenters and attendees **must** have this pass in order to enter the EV. You can purchase the pass when you register for the convention, or you can purchase the pass on-site.

Sincerely,

Jose Antonio da Silva Technology Fairs Event Coordinator, 2019
